Bill of W. D. Faus, Bailey & Hanel laid over for further information.

Councilman Smith made the following resolutions which was unanimously adopted.

Resolved, That the city council of the city of Great Bend, Kansas, deem it necessary to pave Forest avenue from Main to Williams street with paving brick.

Request of J. A. Johnson to operate religious moving pictures shows on Sunday evenings was received and referred to city attorney.

Petition of W. F. Schweir and 9 others asking for a sidewalk along the south side of Kincaid ave., along lots 1, 2, 3, 4, 5 and 6 in Kincaid's addition and also a walk from the A. T. & S. Ry south to Kincaid ave., was received and referred to improvement committee.

An ordinance was presented defining certain misdemeanors and prescribing a punishment for the same read as a whole passed by sections and adopted as a whole as ordinance No. 34, all councilmen present voting aye.

Councilman Honnen offered the following resolution which was unanimously adopted.

Resolved, That the Mayor and city council deem it necessary to make the following improvements in the city of Great Bend, Kansas: Curbing and guttering along the

south side of block 78 and along the south half of the west side of block 78 also along the east half of north side of block 90.

Ira D. Brougher, Porter Young and Jas. Clayton were confirmed as appraisers for block 90, 109 and 114. Council adjourned.

F. A. Moses, City Clerk

Prof. Wm. Keever, of the Kansas State Agricultural college said, in an address in Chicago, that the people out here in Kansas thought more of raising fine cattle than they do of raising fine children. That statement will probably create a great deal of criticism but isn't it true that the people think more of the physical condition of their cattle than they do of the physical condition of their children? Cattle raisers will examine into the genealogy of the stock they mating with very carefully, but what man ever thinks of inquiring whether the man his daughter is about to marry comes of good stock and is himself sound physically?—Leavenworth Post.

The Athenian Club

The Athenian Club held its opening session Monday, Oct. 4, at the home of Mrs. Vida Morrison, with the following program rendered:

Piano duet, Mrs. Castle, Mrs. Vida Morrison.

Vocal solo, Miss Strong.

Reading Mrs. Nettie Smith.

Roll call responded to by vacation notes in a very interesting manner. Some told of a very pleasant vacation spent at home, others of extensive eastern and western trips.

Piano duet, Mrs. Castle, Mrs. Vida Morrison.

A short business meeting was then held and the work of the club for the year discussed. The subject of club membership was introduced and Mrs. Geo. Nimocks, Mrs. Mary Focht and Miss Shirk were elected members.

A good social time followed in which the hostess, assisted by Miss Osmond, served dainty refreshments, thus closing a very pleasant afternoon.

The club adjourned to meet October 11 with Mrs. Katherine Smith.

School Board Meeting

Board met in regular session Monday night, Oct. 4, with President Morrison in the chair. Roll call and the following members answered to their names: Young, Morrison, Rubart, Russell, Newcomb, McKinney, Gwinn and Seward.

Minutes of the last meeting were read and approved.

The following bills were allowed: H. C. Colegrove, supplies \$ 8 25; Pittsburg planing mills, sup., 249 70; Hoover Bros, supplies 8 15; C. G. Wilcox, supplies 10 50.

Henry Eddy supplies and express	50

THE GREAT AND GRAND MAJESTIC RANGE

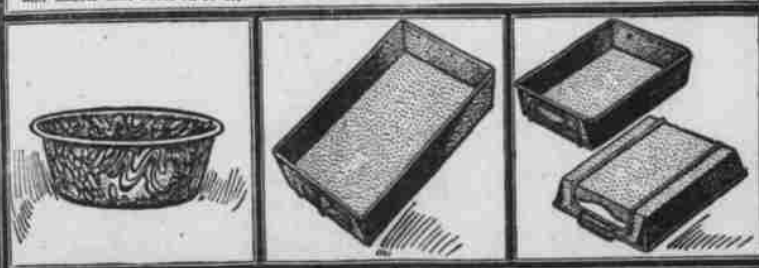

THE RANGE WITH A REPUTATION MADE IN ALL SIZES AND STYLES.

MAJESTIC NEVER-BURN COOKER, STEAMER, CULLENDER AND DRAINER—The Perforated Cooker, shown in center, has small feet which admit water at the bottom. Nothing can burn. Food can be lifted out of main vessel (shown on left), at the same time draining off all the water. The Steamer or Cullender shown on right can be used as an ordinary Cullender. It also fits on top of main vessel, and is used as a steamer.

THE MAJESTIC Extra Heavy Stamped Iron Marbleized Kettle, complete with cover and handle that holds on cover.
THE MAJESTIC 15-oz. All Copper Nickel-plated Tea Kettle. Handsomely nickel-plated outside, tinned on inside.
THE MAJESTIC 14-oz. All Copper Nickel-plated Coffee Pot. Handsomely nickel-plated outside and tinned on inside.

THE MAJESTIC Marbleized Enamelled Pudding Pan. Made specially fine for the Majestic Set.
THE MAJESTIC Patent Never-Burn Wired Dripping Pan. Size of pan 14 1/2 in. x 20 in. Made specially for the Majestic Set.
TWO MAJESTIC Patent Never-Burn Wired Dripping Pans. Size of pan 9 in. x 12 in. Made specially for the Majestic Set.

SOUVENIR SET OF FREE Majestic Ware

If you will call at our store during our Majestic Demonstration Week and allow us to show you the many advantages and the superior qualities of the Great and Grand Majestic Range, and will purchase one at the regular price, we will give you FREE the beautiful and useful Souvenir Set of Ware illustrated in this advertisement. This ware is made to match the quality of the Majestic Ranges, and we know all ladies will see the beauty and utility of this Set, especially the first three pieces, which are entirely new and cannot be had alone by purchase, except at a very high price. The prices of Majestic Ranges are the same, but we give the set FREE with each Majestic Range Bought During Demonstration Week Only.

Reasons Why the Great Majestic You Should Buy

- 1st. It has the reputation of being the best range money can buy.
- 2nd. It not only has the reputation, but is the best range made, and we will prove this to you if you will let us.
- 3rd. It is constructed of Malleable iron (material you can't beat) and of Charcoal Iron, material that resists rust 300 per cent greater than steel; it is riveted air-tight. No heat escapes, or cold air enters range; thus uses very little fuel to do perfect work.
- 4th. The reservoir alone is worth the price of the range over any other reservoir made. It boils 15 gallons of water; is heated like a teakettle, with pocket against left-hand lining, and is movable and sets on a frame; hence cannot wear out. When water gets too hot it can be moved away from fire.
